Fund manager moves May 24, 2023

The Spanish asset manager has appointed new leads for its asset allocation and multi-asset divisions.

By [Daniel Ruiz](#)

Santander Asset Management has hired Luiz Félix as global head of asset allocation and James Ind as global head of multi-asset solutions.

The two will join the Spanish firm in July, reporting to Santander AM global's chief investment officer José Mazoy.

Ind is joining from Pictet Wealth Management, where currently is head of UK portfolio management.

Prior to that, he ran multi-asset and hedge fund strategies at Barings and Man GLG. He also oversaw the European multi-asset team at Russell Investment.

Félix was most recently a portfolio manager at APG Asset Management within the firm's multi-asset division. He also worked in the quantitative strategies team at ABN AMRO Asset Management and the asset allocation team at ABP Investments.

Ind will be based in London, while Félix will join the asset management company's Madrid headquarters.
